Ben Hanbicki
Integrated Aquatics Engineering
75 Shewell Avenue
Doylestown, PA 18901

Dear Ben,

Thank you for the time and attention you spent on our water park project. Since it has opened it has been a BIG hit with our campers and center members.

The design and layout you planned for us was excellent and perfect for our space. Your willingness to work with us on changing the elements to suit our needs better was also appreciated. Since our time table was tight, I am grateful that you were able to make our job a priority and assist us in making our completion deadlines.

Your expertise was helpful every step of the way with planning and building the water park and your visit after the water park was built was instrumental in helping us to get everything functioning properly and efficiently.

As well, the staff of Integrated Aquatics was courteous and a pleasure to work with every step of the way.

Sincerely,

Stacy Budkofsky
